

MSF30418 Certificate III in Glass and Glazing

(Apprenticeship)

Description

This qualification describes the skills and knowledge required to perform a range of glass and glazing job roles, including safely manufacturing, processing, moving and installing various types of glass and handling glazing materials and components.

Job Roles/Employment Outcomes

This qualification reflects vocational outcomes for those performing glass processing, glazing or architectural glass functions in residential and commercial operations and could include manufacturing, processing, installation and stained glass and lead lighting design. Job roles would be in a defined range of skilled operations, usually within a range of broader related activities involving known routines, methods and procedures, where some discretion and judgement is required in the selection of equipment, services or contingency measures and within known time constraints.

Pathways into the Qualification

This qualification may be accessed by direct entry. Credit can be granted towards this qualification by those who have completed MSF20418 Certificate II in Glass and Glazing or achieved equivalent industry experience.

Pathways from the Qualification

Further training pathways from this qualification may include 'Furnishing' Certificate IV or Diploma qualifications and relevant supervisory, management or competitive manufacturing qualifications.

Duration of this Qualification

3 year Apprenticeship.

Cost of this Qualification

The cost of this course is \$2,398.50* per person. *Concessions may apply to eligible students.

Please Note: The Student tuition fees are indicative only and are subject to change given individual circumstances at enrolment. Additional fees may apply such as Student service and resource fees.
