RIIWHS202D Enter and work in confined spaces

Description

This unit describes a participant's skills and knowledge required to enter and work in confined spaces in the Resources and Infrastructure Industries.

This unit is appropriate for those working in operational roles undertaking work in confined spaces.

Licensing/Regulatory Information

Licensing, legislative, regulatory and certification requirements that apply to this unit can vary between states, territories, and Industry sectors. Relevant information must be sourced prior to application of the unit.

Note: The terms 'Occupational Health and Safety' (OHS) and 'Work Health and Safety' (WHS) are equivalent and generally either one can be used in the workplace. In jurisdictions where the National Model WHS Legislation has not been implemented, RTOs are advised to contextualise the unit of competency by referring to the existing State/Territory OHS legislative requirements.

Delivery Method

The course is delivered by highly experienced trainers, using face-to-face delivery techniques. It includes a combination of questionnaires, discussions and practical exercises. The course is interactive and focuses on practical skills and knowledge.
